ABOUT ME

I am a passionate and dedicated web developer with a strong background in both front-end development. My journey into web development began with a curiosity for how websites are built, which quickly grew into a full-fledged career

EXPERIENCE

• User Interface Design:

Designed and developed intuitive, responsive user interfaces using HTML5, CSS3, and JavaScript. Ensured compatibility across various browsers and devices.

• API Integration:

Integrated RESTful APIs and GraphQL endpoints to fetch and display data, ensuring a smooth user experience and real-time updates.

- **Performance Optimization:** Optimized website performance by implementing lazy loading, code splitting, and efficient resource management, resulting in faster load times and improved user satisfaction.

- **Version Control:** Collaborated with team members using Git for version control, ensuring smooth workflow and codebase integrity.
